## *Cuernavaca Website*

The Cuernavaca HOA website has two new sections. Published newsletters can now be found under "*Residents>Newsletters*" and board meeting details can be found under "*Residents>Board Meetings*". Newsletters and board meeting agendas will be posted when they become available. Note that meeting minutes will not be posted but can be requested by contacting CMS. Please let the Board know how we can further improve the website.

## *Pool*

The request for pool volunteers has had a positive response. Five volunteers have been trained by Warren and will now be taking chemical measurements on weekends. A big thanks to our volunteers. Also, earlier than usual, the DEH has already renewed our pool license, so we are good to go when the pool re-opens in May.

## *Landscape Committee*

The Landscape Committee is an essential part of our community, making sure that our plants and trees are cared for properly. The Committee is composed of volunteers, some of whom also have regular jobs, and yet they devote their time to help keep our community beautiful. The Landscape Committee would welcome one or two additional volunteers to lighten the load. Horticultural expertise is not a requirement!

## *COVID*

There have been multiple requests to open the tot-lot, but until recently Santa Clara County (SCC) regulations have not allowed us to do so in a safe manner. The Board continues to monitor the situation, and will reconsider when circumstances change. In the meantime, the board kindly requests everyone to respect the safety taping and refrain from using the tot-lot.

## *Dogs off Leash*

There have been several instances of dogs running and playing off leash in our greenbelt. This is a violation of SCC regulations, and, more importantly, it is disrespectful to community members that are less than enamored by our free-roaming canine friends. Please keep dogs on a leash at all times.
